Product: Pabcote

Description:

Pabcote is a brushable bitumen emulsion which provides a heavy protective coating to most building surfaces.

Applications:

Metal and bituminous roof repairs

Reparis to metal surfaces such as guttering, downpipes, shed walls, water tanks, troughs, fence posts, outdoor machinery, underbodies of cars, trucks and caravans

Protects fence timber ends, ends of stacked logs or sawn timber

Treating fence posts before placed into the ground

Protects wooden structures such as wooden tank stands, sheds and kennels

Waterproof planter boxes

Benefits:

Pabcote deadens sound as well as a protective coating

Water based, odour free and non toxic

Easy to use

Equipment cleans up easily

Dilute with water

Dries black, flexible and water insoluable

When dry, has good resistance to water, alcohol, most salt solutions, some dilute acids and animal waste

Standard Sizes:

4 litre and 20 litre pail
